As he sets out to bring to life the eros of childhood and youth within an autobiographical novel, Bodo Kirchhoff takes us into narrow-minded, penny-pinching post-war Germany. It is these decades of dusk, these decades of turmoil, that will ultimately turn the boy into a writer.

Whose voice is it we hear when someone tells a tale from way back when? From the very same room in a small hotel by the sea, his parents had occupied decades earlier, when they’d still helped themselves to large servings of bliss, the last few of those, in fact, before they’d separated, the writer seeks to explore the emergence of his sexuality. And while he does employ professional distance in the telling of the story of his youth, putting it out there for anyone to claim, this story also remains the very path that took him into writing in the first place.

In »Dusk and Turmoil«, Bodo Kirchhoff, approaches early biographical themes within the framework of a novel, telling his own but also his parent’s stories. The beautiful young actress from Vienna and the dashing one-legged young man from Hannover who is talented but penniless – a match made by the war. Both are determined to escape the plight of these times, each in their own way. The marriage is doomed and the narrator sent off to boarding school at eleven, a dramatic escalation of small events, once again beyond all that is conceivable through language, a dance on an alluring blade of violence.

With this most recent work, Bodo Kirchhoff continues his grand literary project to consolidate language and sexuality to a point where neither will expose the other as he tells a story of eros throughout childhood and adolescence, a story of what was and what it inspired.
